Felicitation Address by Mr.Hari Prasad Sridhar - Director of Lumiere:

Dear Everyone,

Firstly hearty congratulations on today's Official Launching Ceremony.

This brings in a positive outlook for YCBACO. Ever since I have been a member of YCBACO and ever since I have been appointed as the director of Lumiere, the photography wing of YCBACO the energy to do more, serve more is onto the next level.

I believe this is how my colleagues - Directors of Ilakkiyappūnkā, Medical and Dental wing, Trainers wing, Advisors and members of YCBACO feel too. When I received a call from Dr. Jeff, CEO about the Official Launching Ceremony, I sensed an optimistic future for YCBACO. The sheer joy which our CEO expressed conveys his passion to serve more and do more.

Plato once said, "The beginning is the most important part of the work."

I convey my best wishes to our CEO, Dr. Jeff and everyone and assure that Lumiere, the photographic wing of YCBACO will live up to the expectations.

"When we build, let us think that we build forever. Let it not be for present delight nor for present use alone. Let it be such work as our descendants will thank us for; and let us think, as we lay stone on stone, that a time is to come when those stones will be held sacred because our hands have touched them." - John Ruskin.

I look forward to exciting days ahead. Let us work together and build together. Let us be open to constructive feedbacks and criticisms. We must generate synergies (opportunities where YCBACO wings can contribute to each other).

There is a gratifying satisfaction when passionate people work towards a common goal. My Best Wishes to everyone at this exciting Official Launching Ceremony.

On behalf of Lumiere,

Thank you!

Felicitation Address by Mr.Cilvan Roy - Director of Trainers wing:

Dear team,

It's an honor to be with an energetic and enthusiastic team, who are ready to invest themselves for the betterment of the society.

Challenges - this is one word that makes or breaks people. When challenges come their way, some take up the challenge push their limits and reach their dreams, while others get bogged down and give up. The latter just need a helping hand and an encouraging word of confidence to unearth their potential and break out the walls of failures.

And here I see a wonderful team who are willing to do the same for our society. I would like to congratulate each and everyone of you and wish you success from the depth of my heart as we move forward together in this journey to scale the peak.

We have our founder and mentor Dr.Jeff who needs no introduction and our wonderful senior advisors, whose experiences and guidance are invaluable and the directors of wing who are experts in their respective fields and bright young minds who are ready to rock and above all God's blessings with us. I can assure you that we have the best leaders whom we can tap into and get equipped too.

Last but not the least, I would like to conclude with this quote by [Robert.F.Kennedy](#) - "Only those who dare to fail greatly can ever achieve greatly". Let us dream it, let us dare and let us do it.

Thank you 😊😊

English Translation:

Thiravugal

-For a Progressive Path

Life is at its best with better experiences. Every human being has a goal in his/her life. Some people do achieve those goals with their own talents. But there are countless youth who are not able to make it out to the real world, despite their tremendous abilities. **THIRAVUGAL** is a progressive pathway which seeks out for the talented youth, adorns them with skills, motivates them, and provides them adequate training in their own field thus gifting them a transformation.

Couplet Explanation:

The efficacy of support will yield (only) wealth;
(but) the efficacy of action will yield all that is desired.
-Thiruvalluvar.

As per Valluvar's words, **Thiravugal** will be the best companion to you. It will always travel with you and add more strength to your arms.

As per the directions of Dr. Jeff Walter Rajadurai (Orthopaedic Surgeon), his student N. Gunalan compiled this.
